

## Cat Grooming:

You likely know your cat well and are aware of its temperament as well as its grooming needs. Our professional cat groomers go above and beyond the regular brushing session. They deal with matted fur, knots and provide a trim to long-haired pets who need more maintenance.

Your cat will be much happier when it is clean down to its skin!

### We Are Locally Owned and Operated:

The Dog Haus staff all have previous experience as a groomer for dogs and/or cats. Their passion for helping and treating animals strengthens their ability to interact with animals in a non-threatening manner. Our staff's highly qualified skills in grooming or expert experience with training are reflected in the attention, detail and outcome of their work.

### Before and After:

Whether your pet is large or small, our expert staff and service make dogs and cats look great! We tailor to both the pet's and your desires and needs.
